Who we are

Spotahome is the safest way to book your mid term and long term accommodation in Europe, directly from your mobile phone.

The homes advertised on our site are personally visited by our homecheckers who take HD photos and videos with honest descriptions and floor plans of thousands of rooms, studios, and flats so you can virtually tour our verified listings anytime, anywhere.

How it works

1. Choose the city and dates
2. Find the home that fits you best and click on "book now"
3. Complete all the details in the booking form and enter your promo code to get a discount on the booking fee.

The money will only be debited from your account when the landlord accepts your booking

How the booking process works

Once the booking request has been submitted we will forward it to the landlord, who has 24h to respond.

When the landlord accepts your booking, we will confirm it to you via email and share your details with them vice versa. At this time, we will take payment for the first month rent and Spotahome's fee automatically.

If the landlord doesn't accept your booking, we will offer you similar accommodation options or you may also choose a full refund.

Move in policy

Once you arrive at the property, you have 24h to notify Spotahome in case of any significant deficiencies or any inaccuracies in the listing. Spotahome will then remedy the situation.
